JAPANESE QUESTION SETTLED SO AS
NOT TO INTERFERE WITH PEACEITALIAN PARLIAMENT BY VOTE LINES UP
SOLIDLY BEHIND ORLANDO AND THE
CLAIMS HE HAS MADE

ITALY DECIDING FUTURE COURSE

By CARL D. GROAT

(United Press Staff Correspondent)

PARIS, April 30—The Japanese question has been temporarily settled, it was officially announced this afternoon. While the details were not announced, it was understood that a compromise was reached whereby Japan will retain temporarily her valuable rights in the Shantung Peninsula, permanent ownership of which will be determined after the peace treaty is signed.

ROME, April 29—Night—Italy is solidly behind Premier Orlando's government. By a vote of 382 to 40 the Chamber of Deputies tonight passed the following resolution: "Parliament affirms with full confidence that the present government will maintain the supreme right of Italy as an indispensable condition to peace."

By FRED S. FERGUSON

(United Press Staff Correspondent)

PARIS, April 29—Italy will decide today whether she will return to the peace conference, according to advices received from Italian headquarters here. Reports have been circulated that in case the Italians do come back they will be headed by former Premier Luzzati but press headquarters believe certain that Premier Orlando would resume the leadership if they decide to return. American officials were confident that Orlando would be back. Considerable significance was attached to the fact that minor Italian representatives here have been sounding out the Americans as to whether the United States would favor conferring the mandate for Syria upon Italy if she would return and accept a compromise of her Adriatic claims.

BOND CAMPAIGN HALF OVER BUT ONLY
ONE QUARTER OF SUM IS SUBSCRIBED

WASHINGTON, April 30—Sales of Victory notes are officially reported to have reached the one billion mark. This total is less than one-fourth of the minimum and today marked the end of one-half of the campaign.

TWILIGHT LEAGUE
BOOSTER MEETING
HELD LAST NIGHT

The twilight baseball meeting was opened last night with the following representatives present. S. M. Hall, representing the N. Y. C., H. M. Roseberry the Y. M. C. A., P. Roseberry the H. W. R. Co., Harry Healey the City team, and Condon, the Third Ward team. The East End team did not have a representative there.

Mr. Graffius announced that the Y. C. A. would furnish the balls, bats, catchers' mitts, chest protectors and first basemen's mitts.

Mr. Healey was the next speaker and he gave an account of his talk with Richard Guy, sporting Editor of the Pittsburgh Dispatch. Mr. Guy suggested that a Mountain League be formed composed of teams from Clearfield, DuBois, Tyrone and Philipsburg and probably one other team. Mr. Healey then gave his opinion of the Twilight League in saying that it was a good thing and that he would do all he could to help it along. He also said that the best Clearfield players, playing in the twilight league would represent Clearfield in the Mountain League.

The playing grounds were the next thing discussed and it was decided that it would cost at least \$50 to have them fixed up. Mr. Healey suggested trading players to even up the teams and make the teams' fight hard for first place.

Mr. Condon then got up and moved that they be allowed to carry 15 players on each team. This motion was lost due to the fact that Mr. Roseberry thought that this was too many. Mr. H. M. Roseberry then made a motion that they be allowed to carry 12 players and this motion was carried. Officers were then elected.

Mr. Healey was unanimously elected president of the league, Mr. Starr Vice President, Mr. Graffius, secretary and Ward Latschaw, assistant secretary. Mr. A. E. Leitinger was unanimously elected treasurer, subject to his acceptance. Mr. W. B. Holmes Jr. was then elected as chief umpire and the following committee on grounds: Graffius, Condon and Hall.

TROUBLES DO NOT
AFFECT PATRIOTISM
OF TANNERY WORKER

The proper patriotic American spirit is far from being dead in this community as those engaged in soliciting for Victory Bond purchases are daily discovering. When the campaign opened The Progress told the story of a local working man who had been sick and unable to work for some time, yet before the soliciting campaign was begun this man walked into one of our banking institutions and laid down \$100 for a Victory Loan bond.

We were again advised last evening that this same workman, who has since returned to work, appeared at the bank again yesterday and purchased another \$100 bond. This community should be proud to have such men among her citizenship and this example should serve to spur those better able to buy to greater effort in this campaign.

NEW LUXURY TAX
GOES INTO EFFECT
TOMORROW MORNING

The new "luxury" taxes are effective next Thursday, May 1.

New price tags, showing the original retail price, the United States tax, and the total charge, will be affixed to a variety of articles listed in the war revenue law.

The tax will amount to 10 per cent on such part of the retail price which is in excess of a specified price for each class of articles. Twenty different articles or lines of goods are included.

For instance, umbrellas and parasols are to be taxed when selling for a price more than \$4 each. One of them, priced at \$5 will be taxed 10 per cent, on the \$1 exceeding the \$4 limit, making the tax 10 cents.

The customer must be definitely informed of the exact amount of his purchase applied to the tax according to a ruling by the commissioner of internal revenue. Department and retail stores generally have decided that the new price tag is the easiest way of informing the customer, rather than simply marking up the price and explaining that the difference is due to the new tax.

A new tax of 1 cent on each 10 cents, or fraction thereof, spent for ice cream or soda water at a fountain, ice cream parlor or any place of business where the refreshments is consumed on the spot, also will be levied beginning Thursday. Ice cream carried home in a box or eaten as part of a meal in a restaurant will be exempt.

Specifications for the new taxes as laid down by the war revenue act are as follows:

Section 904: (a) That on and after May 1, 1919, there shall be levied assessed, collected and paid a tax equivalent to 10 per centum of so much of the amount paid for any of the following articles as is in excess of the price hereinafter specified as to each such article, when such article is sold by or for a dealer or his estate on or after such date for consumption or use:

"1. Carpets and rugs including fiber, except imported and American made principally of wool, on the amount in excess of \$5 per square yard.

"2. Picture frames on the amount in excess of \$10 each.

"3. Trunks, on the amount in excess of \$50 each.

"4. Valises, traveling bags, suitcases, hat boxes used by travelers and fitted toilet cases, on the amount in excess of \$25 each.

"5. Purse, pocketbooks, shopping and hand bags, on the amount in excess of \$25 each.

"6. Portable lighting fixtures including lamps of all kinds and lamp shades, on the amount in excess of \$25 each.

"7. Umbrellas, parasols and sun shades on the amount in excess of \$4 each.

"8. Fans, on the amount in excess of \$1 each.

"9. House or smoking coats or jackets and bath or lounging robes, on the amount in excess of \$7.50 each.

"10. Men's waistcoats sold separately from suits, on the amount in excess of \$5 each.

"11. Women's and Misses' hats, bonnets and hoods, on the amount in excess of \$15 each.

"12. Men's and boys' hats, on the amount in excess of \$5 each.

"13. Men's and boys' caps on the amount in excess of \$2 each.

"14. Men's, women's, misses' and boys' boots, shoes, pumps and slippers, not including shoes or appliances made to order for any person having a crippled or deformed foot or ankle, on the amount in excess of \$10 per pair.

"15. Men's and boys' neckties and neckwear, on the amount in excess of \$2 each.

"16. Men's and boys' silk stockings or hose, on the amount in excess of \$1 per pair.

"17. Women's and misses' silk from the tax.

BOYS WILL GO TO
ST. LOUIS IF PEOPLE
WILL HELP FUND

It has been charged that Clearfield people are rather chilly and far from being demonstrative over our returned service men, some people alleging that on the occasion of the recent service men's parade hardly a single cheer greeted the stalwart soldier boys as they marched about our principal streets.

That may be true in a measure, because Clearfield and Clearfield people are reserved and conservative to the nth degree when it comes to fuss and feathers and outward show. That the old town's heart is with the boys and in the right place at all times has been clearly demonstrated on every occasion when a test has come. Every Liberty Loan and other war fund has been oversubscribed by Clearfield people and it will continue to be so just so long as the occasion exists. While we may not get out a brass band and shout it from the housetops, when the boys who did the work "over there" are in need of help of any kind Clearfield and Clearfield people will always be found in the front rank.

The Progress inaugurated a little movement yesterday in the hope of being able to provide the necessary wherewithal to send the local representatives of our service men to the organization meeting of the American Legion to be composed of ex-soldiers, sailors and marines, at St. Louis, May 8-10, 1919. It is going to take about \$200 to take these boys to St. Louis, keep them there during the convention and return them home again.

We believe Clearfield people, able to do so will consider it a patriotic privilege to contribute to this fund instead of asking these boys, who have been working for \$30 per month for a year or two, to go down into their pockets for a dollar apiece to send their representatives to this meeting. How do you feel about it?

The following subscriptions have been received to date:

stockings or hose, on the amount in excess of \$2 per pair.

"18. Men's shirts, on the amount in excess of \$3 each.

"19. Men's, women's misses' and boys' pajamas, nightgowns and underwear, on the amount in excess of \$5 each.

"20. Kimonos, waists and petticoats, on the amount in excess of \$15 each."

A third form of tax to go into effect May 1 is an adhesive stamp tax of 1 cent on each 25 cents or fraction thereof paid for toilet preparations and proprietary medicines. This tax is to replace a tax of 2 per cent of the selling price of such articles imposed on the manufacturer under the revenue act of October, 1917. The new stamps will be in denominations of 1, 2, 3, 4, 5, 8, 9, 10 and 40 cents each. Toilet soaps and powders and serums and anti-toxins are excluded from the tax.

VICTORY MEETINGS
BEING HELD EVERY
NIGHT THRU COUNTY

That the Victory Loan will have a whirlwind finish is evident by the large number of requests for meetings which are coming to W. J. Usher, member of the Executive Committee in charge of public patriotic meetings. The increasing number of requests for meetings is indicative of the fact that interest is increasing and that every day is finding more people interested in the success of the loan.

Tonight, April 30th, meetings are scheduled for the church at Bells Landing and for the M. E. church at Shawville.

On May 1st there are meetings scheduled for the M. E. church at Wallacetown, Ferguson Hall in Ferguson township, Irvona, and Pleasant Valley in Bradford township.

Friday, May 2nd will see meetings at McGarvey's Ridge, Maroon church in Ferguson township and the M. E. church at Goshen.

For Saturday, May 3rd there are meetings scheduled for the United Brethren church at Shiloh and the Clover Run Hall.

On Sunday, May 4th a rousing patriotic rally will be held at the Opera House at Houtzdale at 3 p. m. in the afternoon.

Monday, May 5th will be the beginning of the last week in the big three week campaign. During that week is when the bond slacker will have to hunt cover. A meeting is already scheduled for Monday at New Washington.

On Tuesday evening there are meetings scheduled for both Bald Hill and Frenchville.

On Wednesday the only meeting scheduled thus far is at the Greenville school house in Bell township.

There may not be as many meetings held during the coming week as there have been due to the fact that that week will be given over to an intensive house to house and public works canvass. In other words, the bond solicitors will go direct to the man instead of speaking to him from the platform.

THE NEW WORLD IN THE LEAGUE

The proposed signatories of the League of Nations are thirty-two in number, thirteen in the New World, ten in Europe, two in Africa, five in Asia, two in Australia. Additional states invited to sign are six each in the New World and in Europe and one, Persia in Asia. Together the forty-five states which may be looked upon as composing the league at its inception cover all the continents, but very unequally, and include the greater part of the people of the world.

For the present, Russia, Germany, Hungary and Austria are out, as well as the new states carved out of Russia except Poland. These exceptions contain 40 per cent of the people of Europe and much more than half its area.

Signature is or will be made for by far the greater part of the people of Asia though, it may be questioned how conscious is approval on the part of the people in China and India. Doubtless Siberia favors the league, but is in no stable condition to enter it now. Only a small part of Africa is capable of intelligent political action. Nearly all of the rest is represented in the league by Great Britain, Portugal, France, Spain, Belgium and Italy.

But it is the New World, "called in to redress the balance of the Old," this is most completely included. The nineteen American signatories omit only Mexico and Costa Rica. They have 90 per cent of the people and 95 per cent of the area of the New World. And while, even today, eleven of the sixteen European signers, and all those of Asia with the exception of China, possess monarchical systems of government, all the American signers have the form, and most of them enjoy the fact, of democratic institutions. In a peace of self-determination following a war for democracy they form a most important element.

Defeat Reveals the True Character of the German Nation and People

By J. E. LOUGH, Professor of Psychology

From the viewpoint of a psychologist the German mind is showing the same imperfections in defeat which it exhibited so conspicuously while the war was in active progress. The most striking trait of this character is a lack of moral fiber, which throughout history all nations, like all persons, have looked up to as a supreme attribute. The Germans have shown themselves to be merely brutal thugs.

The flight of the kaiser is an indication of their type of mind. This man runs away, he has not the fiber to stand and share in the fate of his people, which he brought about by his own acts. Yet in Germany no one appears to have uttered one word in criticism of the kaiser's course.

The surrender of the German fleet, from the Teutonic viewpoint, was the right thing. They would rather be live cowards than dead heroes. It seems inconsistent that this appalling cowardice should be exhibited by the same people who fought their way into Belgium, France, Serbia, Russia and Roumania. But it is a matter of everyday observation that any cowardly person will meet in what he may term his courage as long as he is winning.

The pretense of a defensive war which the Germans have set up affords another indication of this same mental characteristic. If we grant that the masses of their people believe that the war was defensive we are confronted by the fact that the nation abjectly surrendered before a foot of its territory had been conquered.

The lack of Germany's realization of the wrongs which she has done leaves the world sick at heart. Yet we look in vain for the faintest expression of regret from the Germans for their atrocities. The simple reason for this lack is that they do not realize they have done anything wrong.

Before the war the Germans had pretty well concealed their true national character by making a display of several admirable qualities. The truth has at last burst upon us and there is no mistaking it.

Norman MacLeod, field representative of the University of Pittsburgh, was in town Tuesday and Wednesday visiting the local High School and calling upon the University alumni now located here.

The Pitt man reports that the University is rapidly returning to a peace time basis and from present indications the University will close the academic year with normal enrollment. About five thousand students and alumni of the University were enrolled in various branches of the service.

At the present time the University is looking forward to her Centennial celebration to be held in June. The University of Pittsburgh is the second oldest school west of the Appalachians, being on hundred and thirty-two years established as an educational institution. The University will celebrate the anniversary of the University Charter.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy bright, alert—vigorous and vivacious—a good clear skin, a natural, rosy complexion and freedom from illness, are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a refreshing change would take place.

Instead of the thousands of sickly, anaemic-looking men and women with past, or muddled, complexions, instead of the mulish, "grave-digger" complexion, "brain-rot" and pessimistic attitude, a virile, optimistic attitude would cheer people everywhere.

An inside bath is had each morning, before breakfast, a glass of real hot water, a teaspoonful of Epsom salt, a pinch of salt, a dash of lemon juice, a dash of cayenne, and ten drops of the previous day's medicine, thus cleansing, sweetening and healing the entire alimentary canal, and putting more food into the stomach.

These things, too, cadaverous, hotness, misty face, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated, very often managed to obtain a quarter pound of limestone phosphate at the drug store for a few cents, but a little bit of Epsom salt is sufficient to demonstrate the quick and remarkable change in both health and appearance. (Notice those who practice internal salt baths. We must remember that real salt is more important than any other salt in the kitchen.)

A MOTHER'S MEMORIAL

By MRS. H. F. WELDON

In the hall I met with a soldier's son
As I passed by his eyes were fixed on me
I saw the light in his eyes
His my boy's eyes I thought

I am with you about with a soldier's son
I have seen you in the hall
Can I see you in the hall
Tell me how you are

My heart is divided
O'er the boys
Must I live my life with you
I'll give a monument to you
For one who is still my boy

As the yellow poppies of Flanders fields
O'er our boys that lieve untold
May a glow of love pour from our hearts
That a hint of American gold

Our pact with the hydra, and with the dead—
Let us make it widely known—
Let a promise fulfilled be our answer
To this Victory Liberty Loan!

AN IOWA FARMER ISN'T SOFT MONEY

Champion Farm Dealer and Pal Just Walk Into Visitor's Trap.

Chicago—A few days ago Frederick Kunz rode after the cows and chickens on his farm at Sioux City, tucked his wallet in his vest pocket and journeyed to Chicago to see the sights.

A stranger of magnetic men met him at the Hotel LaSalle, led him aside and whispered:

"Want to make \$5,000?"

"Sure," said Farmer Kunz.

"Listen, I'm George Billings, the world's greatest farm dealer. I deal at

a millionaire club here. But they've cheated me out of a \$12,000 commission, and I want revenge. All I want you to do is to buy \$1,000 worth of chips and I'll throw the game to you."

"Where do we go from here?" asked Mr. Kunz.

"Meet us in Lincoln park tomorrow at the zoo. We'll explain the details."

They met—Mr. Kunz, Billings, and his partner, when he introduced as Everett Moline. They had laid the proposition before Kunz and he had his hand on the wallet, when there suddenly appeared four detectives from Chief Mooney's office, who placed Billings and Moline under arrest as confidence men.

Farmer Kunz had tipped off the police.

A REAL CLEARFIELD COUNTY PATRIOT

"Big Jim" McGonigal, of Pottersdale, was a busy visitor to the county seat today and was warmly greeted by his host of friends here. If there were a few more men like "Big Jim" in our county there would be no question about the Victory Loan going over big.

Mr. McGonigal is a patriotic American and no mistake about it. He sent a son into the service and now

expects him home with the 80th Division. In addition to supplying Uncle Sam with this big, husky Clearfield county doughboy Jim more than did his bit in the second line trenches at home. He owns one of the finest farms in the lower end of Clearfield county and produced immense crops of foodstuffs each year. Since last fall he has sold over one hundred barrels of flour alone and disposed of correspondingly large yields of potatoes, buckwheat, pork, beef, etc.

He also purchased more than \$10,000 worth of Liberty Loan Bonds, owns at least \$2,000 worth of war savings stamps and has already purchased \$1500 worth of Victory Loan bonds. He says he will purchase another \$1500 in order to overreach the quota for Pottersdale. If his neighbors will emulate the example of this

patriotic citizen there can be no question about the report from Pottersdale at the finish of the campaign.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Sunday evening John Middleton, who has been ill for several months, passed away at his home in Nantuxton. Prostatitis was the immediate cause of his death. He was aged 58 years and 2 months. Deceased has been a resident of Curwensville for a good many years. He was a plasterer by trade and followed that vocation until he went into the livery business, in which he was engaged up until the time of his death. Mr. Middleton was a good citizen and was charitable in the extreme, never passing a worthy man or woman by who was in need. He is survived by a wife, one son, Charles Middleton and two daughters, Mrs. Kester and Mrs. Swatsworth. His funeral was held from the home at 2 o'clock and was largely attended by relatives and neighbors. Interment in Oak Hill cemetery. He was a member of the Royal Arcanum, carrying a policy of \$1,500 therein. Rev. Mr. Clegg had charge of the funeral services.

The sale of Victory bonds in Curwensville is advancing more rapidly day by day. The committees are pleased with the prospect and fully expect that the sales will almost double the amount next week as was disposed of this week. Put Curwensville over the top is the slogan cry, and it will be done.

Miss Margaret Gray, only daughter of the late George W. Gray, who was married at her home in Clearfield on Monday afternoon came as a great surprise to her lady friends in Curwensville when they learned of the event. The bride was born and raised in this town and is a graduate of the High school. She and her husband spent a portion of Tuesday with relatives in town. The groom is a western man, but the young couple expect to make their future home in Clearfield.

Lafayette McClure a resident of Susquehanna avenue, who has been ill for some months, is not improving as fast as his many friends desire Mrs. Porter McClure, North Fifth street who has also been ill for a long time is not improving very rapidly, but her friends hope that when warm weather comes a change for the better will take place.

A number of young men, including some who are not so young, have formed a "checker club" and will have rooms in rear of the Richard barber shop. Already their membership reaches thirty. No card games will be permitted and the club will be conducted on a strictly moral basis. Several out of town checker players will be employed as instructors and it is expected that in a short time Curwensville will turn out several professional men who are fans at this famous game.

During the carnival to be held here next week under the auspices of Rescue Hese and Ladder company, a valuable bicycle will be given to the boy having the largest number of votes who the tickets declare to be the most popular boy in the town. The votes are sold at one cent apiece. Already there has been 35 names entered for the contest. The bicycle is given by the firemen. Every citizen in Curwensville should patronize the carnival and thereby assist the firemen in raising their amount for the purchase of the new fire engine.

A tremendous crowd of people from town and country nearby attended the free picture show in the opera house Monday afternoon and evening. The pictures were of the war type and gave one an idea of what the American soldier underwent in assisting the

allied nations from the Hun and their helpers. The speakers spoke plainly and not one ad in the big crowd could help but feel proud of America and her sons, and also brot them to a realization that it was their duty to buy a bond, even though it be one of the smallest denomination.

Leonard Pentz and Miss Marion Hess, two young people whose home is at Grampian, came to Curwensville yesterday forenoon, and were quietly united in matrimony at the M. E. parsonage, Rev. Mr. Biddle performing the ceremony. The newly weds will make their home at Grampian and the good wishes from their host of friends in their home town will go with them for a happy journey as they jog along the marriage highway.

Bruce Robison, an employee of the Penna Hide and Cather company, had the misfortune Monday to have his right hand caught under a roller of one of the "jacks" with the result that the first joint of the fore finger was nipped off and the second finger crushed and bruised considerably.

R. C. Bundy, deputy revenue collector for this district came in from DuBois yesterday and transacted business along and inside of government lines.

Rev. Father Lynch took a day of yesterday from his pastoral duties here and visited friends in DuBois.

Ed. Hetrick, of Punxsutawney, a brother in law of Jay Murphy, the druggist, accompanied by Mr. Bird, day of Clearfield were Curwensville visitors yesterday.

Notice to All Firemen
All firemen are requested to be at the firemen's hall at 6:45 p. m. Monday, May 5, 1919 to attend in a body and march to the show grounds with the band. Dress in your black uniforms for the occasion and firemen who have no uniforms to appear at hall and they will be supplied with uniforms. Don't fail as this is important.

CARNWATH

Private Adley Bloom, brother of our popular townsman Alexander Bloom, made Carnwath a visit this week. Private Bloom came from over the seas and had many interesting tales to tell of the foreign land.

Mrs. Andrew Braid and her husband have been spending considerable time in Clearfield during the past two weeks. Their son David, is still confined to the hospital but father and mother are much gratified over his improvement.

Wilbur Gray son of Supt. Gray and Sophomore in the Osceola High School, spent the Sunday with his parents.

Mr. Kerr Sloppy, of New Millport was a welcome visitor in our town this week. Since Mr. Sloppy's return from Camp Lee he has been at home with his mother Mrs. H. J. Sloppy of New Millport.

Mrs. Raymond Bloom, nee Miss Celina Dornan, of Madera, is visiting her parents Mr. and Mrs. Samuel Dornan of this place.

Miss Alice Johnson of McCarthy, visited her friend Miss Geraldine Williams during the week end.

Messrs John Flack, John Hunt, ward Williams and Andrew F. have already made flying visit the trout streams. The weathering cold and unfavorable no catches were made.

The "Epicurean Club" has received a fine big tent and are in preparation for fish at the end of May. Gr are expected to happen at as this will be the initiation of the new club. President Pitchford is getting the

JAPANESE QUESTION SETTLED SO AS
NOT TO INTERFERE WITH PEACEITALIAN PARLIAMENT BY VOTE LINES UP
SOLIDLY BEHIND ORLANDO AND THE
CLAIMS HE HAS MADE

ITALY DECIDING FUTURE COURSE

By CARL D. GROAT

(United Press Staff Correspondent)

PARIS, April 30—The Japanese question has been temporarily settled, it was officially announced this afternoon. While the details were not announced, it was understood that a compromise was reached whereby Japan will retain temporarily her valuable rights in the Shantung Peninsula, permanent ownership of which will be determined after the peace treaty is signed.

ROME, April 29—Night—Italy is solidly behind Premier Orlando's government. By a vote of 382 to 40 the Chamber of Deputies tonight passed the following resolution: "Parliament affirms with full confidence that the present government will maintain the supreme right of Italy as an indispensable condition to peace."

By FRED S. FERGUSON

(United Press Staff Correspondent)

PARIS, April 29—Italy will decide today whether she will return to the peace conference, according to advices received from Italian headquarters here. Reports have been circulated that in case the Italians do come back they will be headed by former Premier Luzzati but press headquarters believe certain that Premier Orlando would resume the leadership if they decide to return. American officials were confident that Orlando would be back. Considerable significance was attached to the fact that minor Italian representatives here have been sounding out the Americans as to whether the United States would favor conferring the mandate for Syria upon Italy if she would return and accept a compromise of her Adriatic claims.

TWILIGHT LEAGUE
BOOSTER MEETING
HELD LAST NIGHT

The twilight baseball meeting was opened last night with the following representatives present. S. M. Hall, representing the N. Y. C., H. M. Roseberry the Y. M. C. A., P. Roseberry the H. W. R. Co., Harry Healey the City team, and Condon, the Third Ward team. The East End team did not have a representative there.

Mr. Graffius announced that the Y. C. A. would furnish the balls, bats, catchers mitts, chest protectors and first basemen's mitts.

Mr. Healey was the next speaker and he gave an account of his talk with Richard Guy, sporting Editor of the Pittsburgh Dispatch. Mr. Guy suggests that a Mountain League be formed composed of teams from Clearfield, DuBois, Tyrone and Philipsburg and probably one other team. Mr. Healey then gave his opinion of the Twilight League in saying that it was a good thing and that he would do all he could to help it along. He also said that the best Clearfield players, playing in the twilight league would represent Clearfield in the Mountain League.

The playing grounds were the next thing discussed and it was decided that it would cost at least \$50 to have them fixed up. Mr. Healey suggested trading players to even up the teams and make the teams "hard" for first place.

Mr. Condon then got up and moved that they be allowed to carry 15 players on each team. This motion was lost due to the fact that Mr. Roseberry thought that this was too many. Mr. H. M. Roseberry then made a motion that they be allowed to carry 12 players and this motion was carried. Officers were then elected.

Mr. Healey was unanimously elected president of the league, Mr. Starr Vice President, Mr. Graffius, secretary and Ward Latschaw, assistant secretary. Mr. A. E. Leitinger was unanimously elected treasurer, subject to his acceptance. Mr. W. B. Holmes Jr. was then elected as chief umpire and the following committee on grounds: Graffius, Condon and Hall.

TROUBLES DO NOT
AFFECT PATRIOTISM
OF TANNERY WORKER

The proper patriotic American spirit is far from being dead in this community as those engaged in soliciting for Victory Bond purchases are daily discovering. When the campaign opened The Progress told the story of a local working man who had been sick and unable to work for some time, yet before the soliciting campaign was begun this man walked into one of our banking institutions and laid down \$100 for a Victory Loan bond.

We were again advised last evening that this same workman, who has since returned to work, appeared at the bank again yesterday and purchased another \$100 bond. This community should be proud to have such men among her citizenship and this example should serve to spur those better able to buy to greater effort in this campaign.

NEW LUXURY TAX
GOES INTO EFFECT
TOMORROW MORNING

The new "luxury" taxes are effective next Thursday, May 1.

New price tags, showing the original retail price, the United States tax, and the total charge, will be affixed to a variety of articles listed in the war revenue law.

The tax will amount to 10 per cent on such part of the retail price which is in excess of a specified price for each class of articles. Twenty different articles or lines of goods are included.

For instance, umbrellas and parasols are to be taxed when selling for a price more than \$4 each. One of them, priced at \$5 will be taxed 10 per cent, on the \$1 exceeding the \$4 limit, making the tax 10 cents.

The customer must be definitely informed of the exact amount of his purchase applied to the tax according to a ruling by the commissioner of internal revenue. Department and retail stores generally have decided that the new price tag is the easiest way of informing the customer, rather than simply marking up the price and explaining that the difference is due to the new tax.

A new tax of 1 cent on each 10 cents, or fraction thereof, spent for ice cream or soda water at a fountain, ice cream parlor or any place of business where the refreshments is consumed on the spot, also will be levied beginning Thursday. Ice cream carried home in a box or eaten as part of a meal in a restaurant will be exempt.

Specifications for the new taxes as laid down by the war revenue act are as follows:

Section 904: (a) That on and after May 1, 1919, there shall be levied assessed, collected and paid a tax equivalent to 10 per centum of so much of the amount paid for any of the following articles as is in excess of the price hereinafter specified as to each such article, when such article is sold by or for a dealer or his estate on or after such date for consumption or use:

"1. Carpets and rugs including fiber, except imported and American made principally of wool, on the amount in excess of \$5 per square yard.

"2. Picture frames on the amount in excess of \$10 each.

"3. Trunks, on the amount in excess of \$50 each.

"4. Valises, traveling bags, suitcases, hat boxes used by travelers and fitted toilet cases, on the amount in excess of \$25 each.

BOYS WILL GO TO
ST. LOUIS IF PEOPLE
WILL HELP FUND

It has been charged that Clearfield people are rather chilly and far from being demonstrative over our returned service men, some people alleging that on the occasion of the recent service men's parade hardly a single cheer greeted the stalwart soldier boys as they marched about our principal streets.

That may be true in a measure, because Clearfield and Clearfield people are reserved and conservative to the nth degree when it comes to fuss and feathers and outward show. That the old town's heart is with the boys and in the right place at all times has been clearly demonstrated on every occasion when a test has come. Every Liberty Loan and other war fund has been oversubscribed by Clearfield people and it will continue to be so just so long as the occasion exists. While we may not get out a brass band and shout it from the housetops, when the boys who did the work "over there" are in need of help of any kind Clearfield and Clearfield people will always be found in the front rank.

The Progress inaugurated a little movement yesterday in the hope of being able to provide the necessary wherewithal to send the local representatives of our service men to the organization meeting of the American Legion to be composed of ex-soldiers, sailors and marines, at St. Louis, May 8-10, 1919. It is going to take about \$200 to take these boys to St. Louis, keep them there during the convention and return them home again.

We believe Clearfield people, able to do so will consider it a patriotic privilege to contribute to this fund instead of asking these boys, who have been working for \$30 per month for a year or two, to go down into their pockets for a dollar apiece to send their representatives to this meeting. How do you feel about it?

The following subscriptions have been received to date:

"19. Men's, women's misses' and boys' pajamas, nightgowns and underwear, on the amount in excess of \$5 each.

"20. Kimonos, waists and petticoats, on the amount in excess of \$15 each."

A third form of tax to go into effect May 1 is an adhesive stamp tax of 1 cent on each 25 cents or fraction thereof paid for toilet preparations and proprietary medicines. This tax is to replace a tax of 2 per cent of the selling price of such articles imposed on the manufacturer under the revenue act of October, 1917. The new stamps will be in denominations of 1, 2, 3, 4, 5, 8, 9, 10 and 40 cents each. Toilet soaps and powders and serums and anti-toxins are excluded from the tax.

VICTORY MEETINGS
BEING HELD EVERY
NIGHT THRU COUNTY

That the Victory Loan will have a whirlwind finish is evident by the large number of requests for meetings which are coming to W. J. Usher, member of the Executive Committee in charge of public patriotic meetings. The increasing number of requests for meetings is indicative of the fact that interest is increasing and that every day is finding more people interested in the success of the loan.

Tonight, April 30th, meetings are scheduled for the church at Bell Landing and for the M. E. church at Shawville.

On May 1st there are meetings scheduled for the M. E. church at Wallacetown, Ferguson Hall in Ferguson township, Irwona, and Pleasant Valley in Bradford township.

Friday, May 2nd will see meetings at McGarvey's Ridge, Maroon church in Ferguson township and the M. E. church at Goshen.

For Saturday, May 3rd there are meetings scheduled for the United Brethren church at Shiloh and the Clover Run Hall.

On Sunday, May 4th a rousing patriotic rally will be held at the Opera House at Houtzdale at 3 p. m. in the afternoon.

Monday, May 5th will be the beginning of the last week in the big three week campaign. During that week is when the bond slacker will have to hunt cover. A meeting is already scheduled for Monday at New Washington.

On Tuesday evening there are meetings scheduled for both Bald Hill and Frenchville.

On Wednesday the only meeting scheduled thus far is at the Greenville school house in Bell township.

There may not be as many meetings held during the coming week as there have been due to the fact that that week will be given over to an intensive house to house and public works canvass. In other words, the bond solicitors will go direct to the man instead of speaking to him from the platform.

THE NEW WORLD IN THE LEAGUE

The proposed signatories of the League of Nations are thirty-two in number, thirteen in the New World, ten in Europe, two in Africa, five in Asia, two in Australia. Additional states invited to sign are six each in the New World and in Europe and one, Persia in Asia. Together the forty-five states which may be looked upon as composing the league at its inception cover all the continents, but very unequally, and include the greater part of the people of the world.

For the present, Russia, Germany, Hungary and Austria are out, as well as the new states carved out of Russia except Poland. These exceptions contain 40 per cent of the people of Europe and much more than half its area.

Signature is or will be made for by far the greater part of the people of Asia though, it may be questioned how conscious is approval on the part of the people in China and India. Doubtless Siberia favors the league, but is in no stable condition to enter it now. Only a small part of Africa is capable of intelligent political action. Nearly all of the rest is represented in the league by Great Britain, Portugal, France, Spain, Belgium and Italy.

But it is the New World, "called in to redress the balance of the Old," this is most completely included. The nineteen American signatories omit only Mexico and Costa Rica. They have 90 per cent of the people and 95 per cent of the area of the New World. And while, even today, eleven of the sixteen European signers, and all those of Asia with the exception of China, possess monarchical systems of government, all the American signers have the form, and most of them enjoy the fact, of democratic institutions. In a peace of self-determination following a war for democracy they form a most important element.

Defeat Reveals the True Character of the German Nation and People

By J. E. LOUGH, Professor of Psychology

From the viewpoint of a psychologist the German mind is showing the same imperfections in defeat which it exhibited so conspicuously while the war was in active progress. The most striking trait of this character is a lack of moral fiber, which throughout history all nations, like all persons, have looked up to as a supreme attribute. The Germans have shown themselves to be merely brutal thugs.

The flight of the kaiser is an indication of their type of mind. This man runs away, he has not the fiber to stand and share in the fate of his people, which he brought about by his own acts. Yet in Germany no one appears to have uttered one word in criticism of the kaiser's course.

The surrender of the German fleet, from the Teutonic viewpoint, was the right thing. They would rather be live cowards than dead heroes. It seems inconsistent that this appalling cowardice should be exhibited by the same people who fought their way into Belgium, France, Serbia, Russia and Roumania. But it is a matter of everyday observation that any cowardly person will maintain what he may term his courage as long as he is winning.

The pretense of a defensive war which the Germans have set up affords another indication of this same mental characteristic. If we grant that the masses of their people believe that the war was defensive we are confronted by the fact that the nation joyfully surrendered before a foot of its territory had been conquered.

The lack of Germany's realization of the wrongs which she has done leaves the world sick at heart. Yet we look in vain for the faintest expression of regret from the Germans for their atrocities. The simple reason for this lack is that they do not realize they have done anything wrong.

Before the war the Germans had pretty well concealed their true national character by making a display of several admirable qualities. The truth has at last burst upon us and there is no mistaking it.

Norman MacLeod, field representative of the University of Pittsburgh, was in town Tuesday and Wednesday visiting the local High School and calling upon the University alumni now located here.

The Pitt man reports that the University is rapidly returning to a peace time basis and from present indications the University will close the academic year with normal enrollment. About five thousand students and alumni of the University were enrolled in various branches of the service.

At the present time the University is looking forward to her Centennial celebration to be held in June. The University of Pittsburgh is the second oldest school west of the Appalachians, being on hundred and thirty-two years established as an educational institution. The University activities will celebrate the anniversary of the University Charter.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural, rosy complexion and freedom from illness, are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a refreshing change would take place.

Instead of the thousands of sickly, anaemic-looking men and women with past, or muddled, complexions, instead of the mulish, "grave-digger" complexion, "brain-rot" and pessimistic attitude, a virile, optimistic attitude would cheer people everywhere.

An inside bath is had each morning, by drinking a glass of real hot water. A "real" spontaneous of invigoration, it washes from the system all poisons, fat, and tenacious wastes, purges the bowels, cleanses the entire alimentary tract, and puts more food into the stomach.

These things, too, cadaverous breath, nervous, misty face, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated, very often managed to obtain a quarter pound of limestone phosphate at the drug store for a few cents, but it is sufficient to demonstrate the quick and remarkable change in both health and appearance, which these who practice internal purification can remember that real hot water is more important than any other tonic.

Use the hot water each morning to purify the system, and the poisons in the blood will be eliminated.

She's Glad To Tell Her Joyous Story

Mrs. C. B. Bailey, No. 172, South Coopers town road, Upper Darby Branch, Philadelphia, P. O. says she's glad to tell her joyous story of how she was built into a tower of strength and suffered from stomach trouble and nervousness and it began to be nearly impossible to kill or care for me. I was downright ill. After I started to eat I commenced to thrive and I was the better, and have steadily improved ever since. I recommend Calum because it's a wonderful tonic and it was through Calum I was built up.

A REAL CLEARFIELD COUNTY PATRIOT

"Big Jim" McGonigal, of Pottersdale, was a busy visitor to the county seat today and was warmly greeted by his host of friends here. If there were a few more men like "Big Jim" in our county there would be no question about the Victory Loan going over big.

Mr. McGonigal is a patriotic American and no mistake about it. He sent a son into the service and now

expects him home with the 80th Division. In addition to supplying Uncle Sam with this big, husky Clearfield county doughboy Jim more than did his bit in the second line trenches at home. He owns one of the finest farms in the lower end of Clearfield county and produced immense crops of foodstuffs each year. Since last fall he has sold over one hundred barrels of flour alone and disposed of correspondingly large yields of potatoes, buckwheat, pork, beef, etc.

He also purchased more than \$10,000 worth of Liberty Loan Bonds, owns at least \$2,000 worth of war savings stamps and has already purchased \$1500 worth of Victory Loan bonds. He says he will purchase another \$1500 in order to overreach the quota for Pottersdale. If his neighbors will emulate the example of this

patriotic citizen there can be no question about the report from Pottersdale at the finish of the campaign.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Sunday evening John Middleton, who has been ill for several months, passed away at his home in Nulton. Prostatitis was the immediate cause of his death. He was aged 58 years and 2 months. Deceased has been a resident of Curwensville for a good many years. He was a plasterer by trade and followed that vocation until he went into the livery business, in which he was engaged up until the time of his death. Mr. Middleton was a good citizen and was charitable in the extreme, never passing a worthy man or woman by who was in need. He is survived by a wife, one son, Charles Middleton and two daughters, Mrs. Kester and Mrs. Swatsworth. His funeral was held from the home at 2 o'clock and was largely attended by relatives and neighbors. Interment in Oak Hill cemetery. He was a member of the Royal Arcanum, carrying a policy of \$1,500 therein. Rev. Mr. Clegg had charge of the funeral services.

The sale of Victory bonds in Curwensville is advancing more rapidly day by day. The committees are pleased with the prospect and fully expect that the sales will almost double the amount next week as was disposed of this week. Put Curwensville over the top is the slogan cry, and it will be done.

Miss Margaret Gray, only daughter of the late George W. A number of young men, including some who are not so young, have formed a "checker club" and will have rooms in rear of the Richard barber shop. Already their membership reaches thirty. No card games will be permitted and the club will be conducted on a strictly moral basis. Several out of town checker players will be employed as instructors and it is expected that in a short time Curwensville will turn out several professional men who are fans at this famous game.

During the carnival to be held here next week under the auspices of Rescue Hese and Ladder company, a valuable bicycle will be given to the boy having the largest number of votes who the tickets declare to be the most popular boy in the town. The votes are sold at one cent apiece. Already there has been 35 names entered for the contest. The bicycle is given by the firemen. Every citizen in Curwensville should patronize the carnival and thereby assist the firemen in raising their amount for the purchase of the new fire engine.

A tremendous crowd of people from town and country nearby attended the free picture show in the opera house Monday afternoon and evening. The pictures were of the war type and gave one an idea of what the American soldier underwent in assisting the

allied nations from the Hun and their helpers. The speakers spoke plainly and not one adroit in the big crowd could help but feel proud of America and her sons, and also brot them to a realization that it was their duty to buy a bond, even though it be one of the smallest denomination.

Leonard Pentz and Miss Marion Hess, two young people whose home is at Grampian, came to Curwensville yesterday forenoon, and were quietly united in matrimony at the M. E. parsonage, Rev.
